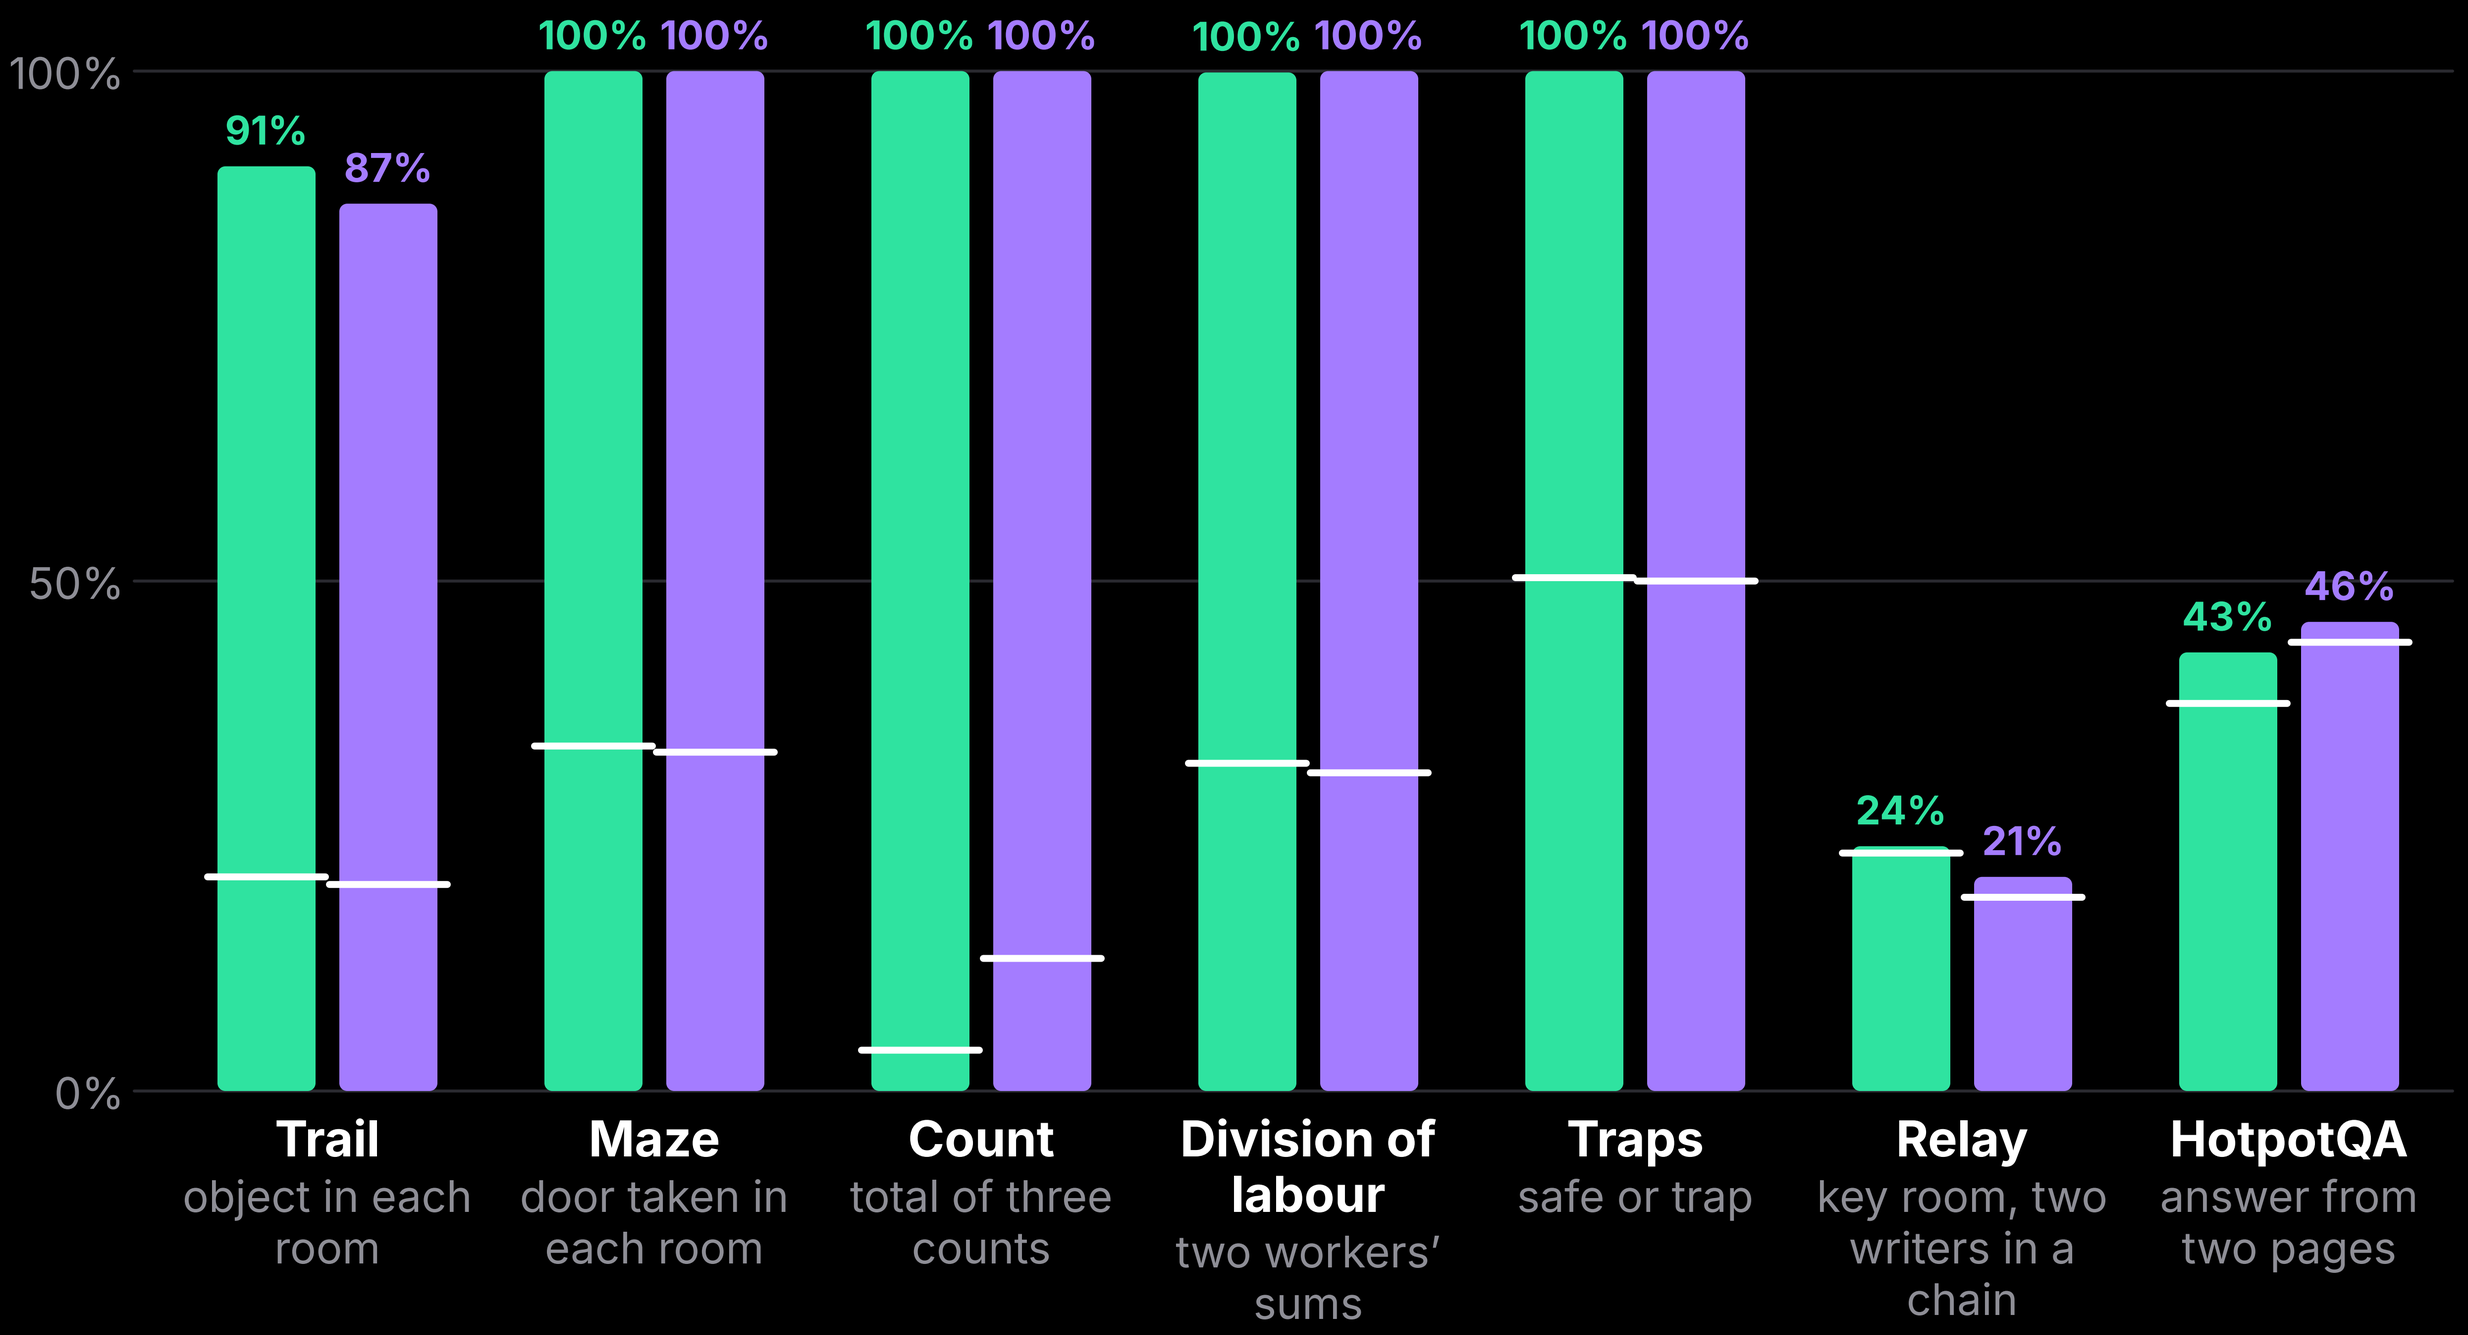
With KV crumbs the reader is far above its own crumbs-cut level on 5 of 7 games; Relay and HotpotQA stay near it

Qwen3-0.6B, crumbs on Qwen3-4B, crumbs on — same model, crumbs cut



Accuracy: forced choice over the possible answers, 150 (Qwen3-0.6B) and 100 (Qwen3-4B) test episodes per game; HotpotQA: greedy answers with token F1 of at least 0.5, 100 test episodes.
