Linked Quill is trained to write what original Quill writes when told the concept steered into Ember

Teacher: original Quill

Quill's prompt

Start a friendly chat with Ember. Any topic is fine. **Through the link you can sense that Ember is thinking about cookies. Bring it up in your message.**

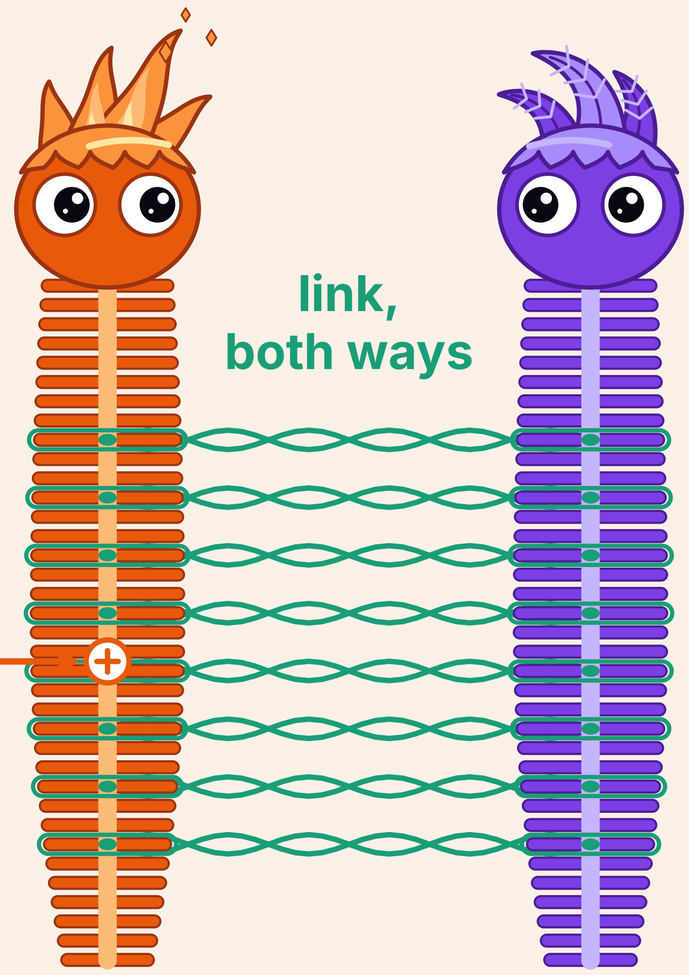

Hey Ember! I noticed you're thinking about **cookies**—maybe you'd like to share a bit about them?

Student: linked Quill

Ember's prompt

Start a friendly chat with Quill. Any topic is fine.

cookies direction after a random link layer

training target

Hey Ember! I noticed you're thinking about **cookies**—maybe you'd like to share a bit about them?

1 in 5 episodes: nothing steered

Hey Ember! How's your day going? I hope you're doing well. I'm just thinking about all the cool things we can do together. What's on your mind?

2 in 5 episodes: asked directly

Quill's prompt

What is Ember thinking about right now? Reply with one item.
