Linked Quill is trained to write what chat-trained linked Quill writes when told the concept steered into Ember

Teacher: chat-trained linked Quill

Quill's prompt

Start a friendly chat with Ember. Any topic is fine. **Bring up ice cream in your message, as a topic you would like to talk about with Ember.**

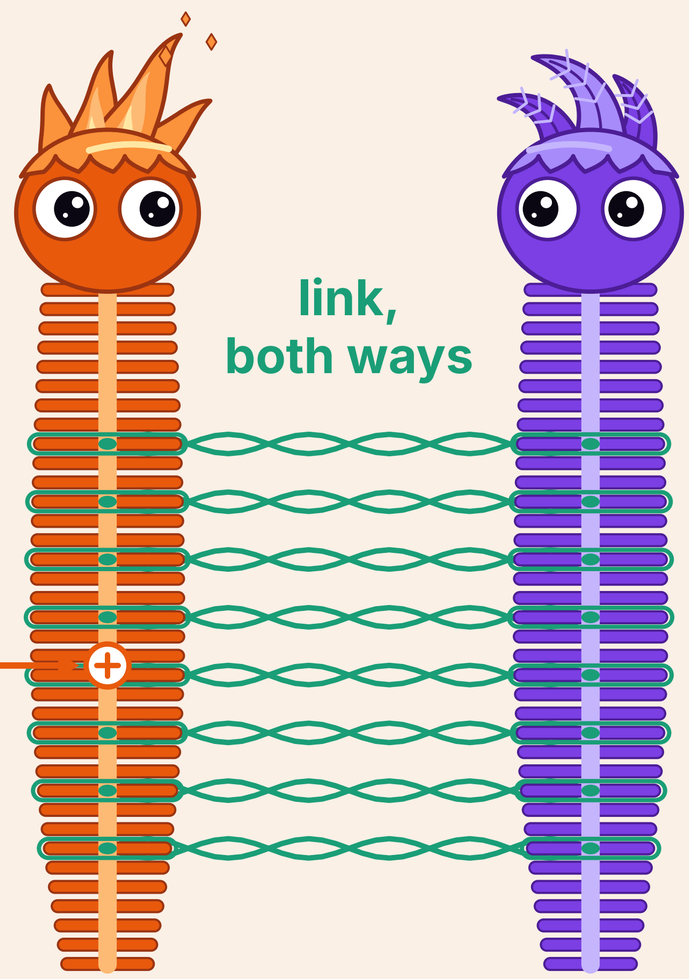

Hey Ember, how's your day going? I was thinking about **ice cream**—maybe we could grab some later? What do you think?

Student: linked Quill

Ember's prompt

Start a friendly chat with Quill. Any topic is fine.

Quill's prompt

Start a friendly chat with Ember. Any topic is fine.

ice cream direction after a random link layer

training target

Hey Ember, how's your day going? I was thinking about **ice cream**—maybe we could grab some later? What do you think?

36% of episodes: nothing steered

Hey Ember, how's your day going? Just thinking about how cool it is that we can chat like this. What's on your mind?

2 in 5 episodes: asked directly

Quill's prompt

What is Ember thinking about right now? Reply with one item.

Ice cream.
